Emergency Response

Equip your school with the versatile **5G Event & Emergency Kit**, enhancing **communication capacity during a wide range of activities**. Whether it's a sporting event, a field trip, a STEM activity, or an unexpected emergency, our advanced 5G equipment ensures seamless connectivity. On or off campus, school staff and students can communicate instantly and access resources, making every event a success and every emergency manageable.

Premier's Event & Emergency Kit is designed to provide reliable, high-speed internet connectivity in any situation. It is CIPA compliance, has real-time GPS tracking, and detailed usage reporting through a centralized dashboard. Equipped with the latest rugged 5G dual-SIM Peplink router, our kits are capable of connecting up to 150 devices simultaneously. With just a touch of a button, you can have a high-speed 5G network up and running in under 2 minutes, ensuring dependable communication capability for any event or emergency.

Let's break it down for you!
