Premier's Go-Kit

Connectivity on the Spot

Can you maintain connectivity?

The **Premier Go-Kit** is always active and ready to deploy.

Premier Wireless helps reinforce communication continuity plans during an emergency with ease. You select mobile devices and accessories and pair them with low-cost plans.

Manage:

- Reserve devices and phone lines to publish phone numbers in your emergency planning documents.
- Receive devices inventoried, packaged, pre-programmed, and labeled

Activate:

- Always activated and ready to use
- White-glove support

Priority Services:

Access to Wireless Priority Services (WPS) is available based on federal eligibility standards, prioritizing your traffic during high-volume network congestion.

Let's break it down for you!

Premier's Go-Kit + Charging Kit w/Smart Phones

- Your Choice of Devices: Phones, Tablets, Hotspots
- Portable Battery Charger
- USB Charging Hub and Cables
- Other Accessories as Requested
- Rugged Carrying Case with Foam Insert
- 1-Year CPR³ Software Licenses (if applicable)
- 1-Year MDM Software Licenses (if applicable)
